

Be Comfortable

# COMFORT, RE-ENGINEERED FAN RANGE

[www.acofanworks.com](http://www.acofanworks.com)

# Fans that give comfort a whole new meaning.

All the good things in life are usually taken for granted and one of them is air. The ones that surrounds us, fuels us and soothes us. Take a deep breathe slowly and you will relieve the luxury of feeling fresh in an instant.

We, at Aco fans, understand that emotion and create a range of fans that give you the exact same feeling whenever you walk-in through the door. Since our inception in 1967, we have taken air seriously and developed fans that circulates air in an efficient and elegant way.

Luxury is often equated to fancy thrills and frills. But, the joy of feeling comfortable, even when the world is little chaotic, and ensuring the loved ones feel the same is truly the best luxury, after all.

# The Brand – ACO

Aco creates 'Air comfort' through well-crafted signature designs and durability through engineering design.

Since 1967 "Design", for us, is not aesthetic styling but user – centric robust engineering that is at the core of Aco air comfort.

## These fans are those for who seek

Breezy indoor air circulation

Portability / compactness in indoor use

Design blending with room interiors

Fighting indoor pollution by removing unwanted odour surrounding the living space

We have always create a well differentiated line up that has something new in design or features every time. Practically and application are another major step up with Aco Fans as they are designed to suit every specific ambience be it the wall, kitchen, cabin or AC Living room.

We understand today's urban living spaces includes home as well as the offices! After all, the office is the place where a large amount of time is spent. Even in the AC office environment, breezy, comfortable, fresh and pure air assumes a special significance.

## ACO Brand Promise

Aco strives to continuously evolve the concept of air comfort through ingenious designs that are creative as well as original.

### Because

#### Simply Because you deserve comfort:

- No matter whether AC is on or not
- No matter whether AC is there or not
- No matter which room you are in – living, bed, kitchen, or bath
- No matter which season it is ( summer or rainy or winter )
- No matter if its office or home, indoor or outdoor

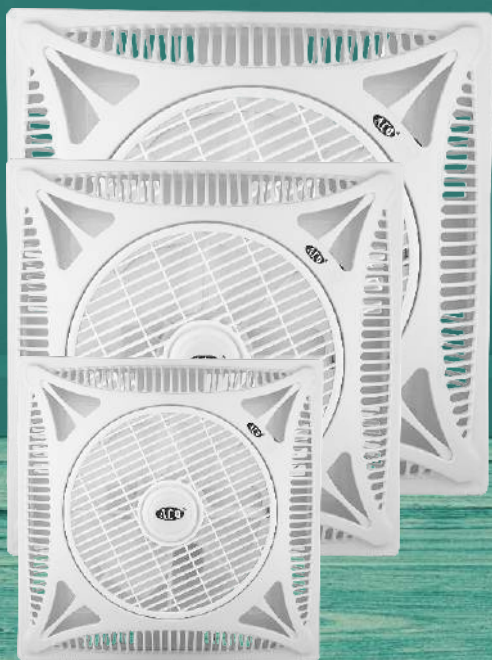

#### Comfort is perceived by a smooth breeze

- Feeling fresh & cool
- Inhaling pure air

**Aco seeks to create a comfortable, breeze ambience for superior urban living.**

# CEILING BOX FAN

Cassette cabin fan

Be Comfortable

## CEILING BOX FAN AP-1624-R

- Fan motor is equipped with Bronze bush for better performance & longer life
- A louver is provided for proper distribution of air
- Blade size : 40 cm
- Outer size : 61 x 61 cm
- With LED light (optional)
- 99.99% Pure copper
- Color : Black / White / Wooden

 Remote Control

 6 hour timer

## CEILING BOX FAN AP-1220

- Fan motor is equipped with Bronze bush for better performance & longer life
- A louver is provided for proper distribution of air
- Blade size : 30 cm
- Outer size : 50 x 50 cm
- 99.99% Pure copper
- Color : White / Black / Wooden

 Remote Control (optional)

## CEILING BOX FAN AP-915

- Fan motor is equipped with Bronze bush for better performance & longer life
- A louver is provided for proper distribution of air
- Blade size : 22 cm
- Outer size : 38 x 38 cm
- 99.99% Pure copper
- Color : White / Black / Wooden

# TOWER FAN

## RAPID TOWER FAN

A-105-P

-  Power consumption  
140 Watt
  -  3 Speed option
  -  Vertical &  
Horizontal  
louvers
  -  Unique Design
- Height : 76 cm ( 30" )
  - Color : White-Grey / White-Black

## JUMBO TOWER FAN

A-103-P

-  120° Body  
oscillation
  -  Powerful  
air throw
  -  Complete mobility &  
Easy handling
  -  Power consumption  
140 Watt
  -  3 Speed option
- Height : 76 cm ( 30" )
  - Color : White-Grey / White-Black

## MINI JUMBO TOWER FAN

A-107-9

-  120° Body  
oscillation
  -  3 Speed option
  -  Power consumption  
140 Watt
- Height : 58 cm ( 23" )
  - Color : White-Grey / White-Black

## ENVOY TOWER FAN

A-106-P

-  120° Body  
oscillation
  -  Pleasing and  
attractive design
  -  3 Speed option
  -  Power consumption  
140 Watt
- Height : 76 cm ( 30" )
  - Color : White-Grey / White-Black

## GALAXY TOWER FAN

A-101-P

Slim Design

3 Speed option

Easy to carry, lightweight  
and space saving

- Height : 50cm (20")
- Color :White / Black

## GALAXY PLUS TOWER FAN

A-101-P+

Slim Design

3 Speed option

Easy to carry, lightweight  
and space saving

- Height : 56 cm (22")
- Color :White / Black

## TWIST TOWER FAN

A-100-P

Slim Design

3 Speed option

Easy to carry, lightweight  
and space saving

- Height : 27 cm (11")
- Color :White / Black

## TWIST PLUS TOWER FAN

A-100-P+

120° Full Body  
oscillation

Slim Design

3 Speed option

Easy to carry, lightweight  
and space saving

- Height : 33 cm (13")
- Color :White / Black

# MIST FAN

Be Comfortable

**THANDI HAWAA  
HAR JAGAAH !**

## **MIST FAN 26 MF**

---

- Size : 650 mm / 26
- Height : 175 cm.
- Water tank : 40 L
- Including 4 wheels .
- Easy to move.
- Separate button for Mist & Fan.
- Mist volume adjustment .
- 3 speed wind adjustment.
- Useful for banquet halls, outdoor events, open restaurants, lounge , etc.

## **INDUSTRIAL PEDESTAL FAN**

---
